BEARS HAVING

Fresh Operations on a Large Scale Undertaken in Wall Street.

ENTIRE LACK OF SUPPORT

NEW LOW LEVEL FOR SOME LEADING STOCKS.

New York, March 22 - The stock market rned very weak again today. Some of the panic last week. This was notably

ue of the Erics and the weeklers. rue of the Eries and the weakness of ose stocks was of large sympathetic efect upon the whole list. The other domupon the whole list. The other dom-the factor in the market was the con-sences feared from the advance yesnant factor in the market was the conerday in the Bank of France discount rate. The aggravating cause of the weakness of the Eries was clearly due to the announcement of the management that it would abandon projected betterments in the state of New York from fear of the nterference with the intended methods financing the work proposed by legistion for control of public utilities. Back of this open explanation there were curent many rutners of internal dissension the company and of disappointment as the results of appointments already

The bears, in fact, operated in the secur es of the company very freely and very ldly. They were not opposed, however, any protective measures for the sericles in the market. This supine attide of the friends or controllers of the operty had a discouraging effect on any serious property proper views favoring an advance in prices. In-stead of the turn against the supposed large outstanding short interest which was talked of during the hardening period of prices yesterday, the bears undertook fresh operations on a large scale and had good success in precipitating fresh liqui-dation in various quarters of the list. The Morgan group was especially affected The Morgan group was especially affected when the entire lack of support in the Erles was perceptive. The weakness spread to Southern Railway and to the whole southern railroad group. The Hills and Harrimans also were acutely affected and had the usual effect of dragging down St. Paul, Atchison and Reading.

I'. S. Steel was heavily sold, but on a narrower price range than the low priced shares. The effect of the advance in the Bank of France rate was heightened by reports from Paris that a further rise was expected next week. The action is directed against a movement of gold to Lendage and the state of the reports from Paris that a further rise was expected next week. The action is directed against a movement of gold to London and also to Berlin. Its special interest to New York is that payment for participation in hote issues of American rail-roads are supposed to be involved in both these movements. This movement of capital out of France evidently is intensified by the wide discrepancy between the ruling interest rates in Paris and the rate of return on these high grade note issues. The Bank of France finds it unwise to far out of line with the world's average, even with the advantage of stability in the money market for business and trade. It is as a recognition of the French bank is regarded as three-time of the paris and the rate of a road of the grain. And the market closed weak. May opened a shade lower at 46% c. sold at 46% down at 46% c. sold at 46% down at 46% c. sold at 46% down at 46% c. sold unchanged at 22% c. sold un to 42% and declined to 41% c. losing in oats was small and the market because form. May opened unchanged at 22% c. sold un to 42% and declined to 41% c. losing in the west in pair in the west. The like week are willing to see lower prices. Business failures in the United States for the week ending March 21 number 157, against 156 last week, 170 in the like week and 29 in 1905, 215 in 1904 and 175 in 1905. Canadian failures for the week numbers week a year ago. Clearings for the week. The market became firm on active buying by local packers. At the close May pork was up 71% c. lard 5071% c and ribs week a year ago. Clearings for the White and Canada for the week ending March 21 and the rate of live hogs, and the weakness of corn. Later the market became firm on active buying by local packers. At the close May pork was up 71% c. lard 5071% c and ribs grains 136 last week 170 in 1905, 215 in 1904 and 175 in this week a year ago. Clearings for the White March 170 in the week and 29 in 1905, 215 in 1904 and 175 in the week.

Wheat and flour exports from the United States for the week and 29 s regarded as important rather than from y likelihood of banking reserves in oth-centers being affected. Private cables rom London reported some anxiety there egarding the outcome of the stock marset settlement next week. Preliminary stimates of the week's currency movement indicate an increase of upward of 6,000,000 in cash holdings of the banks. liquidation of last week as it came in the week will affect the averages loan account this week as much A strong bank statement is thus icated. The market closed weak and and the low point, at severe declines, effect of the break in the Eries being aggravated by the slump in Cana

GRAIN AND PROVISIONS.

Chicago, March 22.-The green bug advices today were supplemented by reports from Oklahoma and Kansas that the un-seasonably high/temperatures which have prevailed during the last few days will have a serious effect on growing wheat. As a result of these reports the market

have a serious effect on growing wheat. As a result of these reports the market was extremely nervous all day. Immediately following the opening, prices advanced somewhat on active buying by shorts and commission houses. Later this firmness disappeared because of the weakness of corn and oats. Sellers were also encouraged by denials of the green bug damage in Oklahoma and southern Kansas. Late in the day, however, fresh advices were received reaffirming the reports of damage. This started covering by shorts and prices soon advanced. The close was firm. May opened unchanged to 1540/4c higher at 75%c to 754/675%c, sold between 75/ac and 764/c and closed 5%c up at 764/4c.

The corn market was work all started as a result of these reports the market was work all started covering by shorts and prices soon advanced. The close was firm. May opened unchanged to 15/40/4c higher at 75%c to 75/4/675%c, sold between 75/ac and 764/4c and closed 5%c up at 764/4c.

Abraham Farms Will Double In Price in Ten Days

We agreed to advance the seiling price of Abraham Farms to \$80.00 per acre after we sold 5.000 acres. Nearly 4.000 acres have been sold. Sixteen 49-acre farms were sold in one day. The lands are being plowed for this season's crops. The rush is on. Ten more days and 5.000 acres will have been sold. The second 5.000 acres will be held for \$90 per acre.

DON'T WAIT, get you a farm while you can buy for \$40.00 per acre. Rich a. Good water rights. Delightful climate. Easy terms.

PURITY-Results-that's it

See What a Dime Will Do

We gladly welcome the Pure Drugs Law, because it agrees with our thoughts and methods. Cascarets meet its every requirement and always did since the day they were first invented and put on the market. PURITY, QUALITY and MEDICINAL MERIT have been the prin-

ciples on which Cascarets were made and marketed. We doubt if in all the world of medical science and therapeutic manufacture better SKILLED CHEMISTS and more carefully selected constituents could be employed than in the making of Cascarets.

The RESULTS prove it. No other Bowel Medicine on earth has reached in history the tremendous

approbation and patronage accorded Cascarets by the American People, a testimonial of GENUINE MERIT and satisfactory results, for surely no sensible person would buy an article more than once, unless satisfied, or recommend it to others if not convinced of its virtues.

The sale of Cascarets at the present time is over ONE MILLION BOXES A MONTH, a fact that ought to convince anyone of the satisfaction given to millions of our friends and patrons.

It is just this kind of example placed before you that ought to induce you to try a little 10c box of Cascarets and be CONVINCED of its value and effectiveness. After this harmless, inexpensive experimentayou will see the reason for the unequaled popularity of this preparation as a true PERSONAL and FAMILY MEDICINE, and this realization will urge future use when necessary.

So we ask you to take a DIME BOX home with you, and "WHILE YOU SLEEP THEY WILL WORK" and make you feel well and happy. We back our request by our GUARANTY, and if you're not pleased, your purchase-money will be returned to you for the asking.

Such has been our Faith in the efficacy of this pure, clean, sweet, mild, harmless but forceful little fragrant tablet, so easy to buy, so easy to carry, so easy to take, so easy in its action, that we do not hesitate to offer this guaranty to the world, and make good on it.

Cascarets not only are the best medicine yet discovered for the treatment and cure of Chronic Constipation and all its dire consequences, but also a splendid PREVENTIVE OF DISEASE caused by bacteria and other germs in the Bowels. There are more serious troubles that have their origin in irregularities in the food channels than any other cause, and Cascarets by thoroughly cleaning out the stomach and intestines and PURI-FYING in an antiseptic way, keep you perfectly safe from such fearful diseases as Appendicitis, Peritonitis and other deadly inflammations caused by retention of indigestible food in the passages.

We said Cascarets were and are the BEST BOWEL MEDICINE in the world. Once more we assert that the sale of nearly 100 million of boxes in eleven years PROVES IT. Our record is put up against any other medicine for the same purpose in the world,-for ACTUAL RE-

Try a 10c box TO-DAY. Buy it from your own druggist under GUAR-ANTY and you will join the MILLIONS of our friends. Be sure you get the GENUINE.—the letters "C. C. C." on every tablet.

"Here's to your health and your good large families,

and may you live long and prosper.' Fisher Beer Delights the Eye, Pleases the Palate, Nourishes the Body

Fisher Beer is a rare combination. Water is its basis, bence uenches thirst.

There is lotsof carbonic acid gas in it, which makes it sparkling The brewing process develops in it a little alcohol (about 3 per cent), which renders it mildly stimulating and increases the activity of the

stomach, thus aiding digestion. Then there is the tonic quality, resulting from the use of hops and the nutritious element, derived from the barley malt. Combining, as it does, all these valuable qualities, is it any wonder

that Fisher Beer is so popular in Salt Lake?
If you once try-this beer you will cling to it On sale 'most everywhere beer is handled. We supply the family
